 - Customer Support upgrade
- Product Upgrades
 - Major changes eg Participant User Interface
 - Many minor changes
 - Requests from last year's User Forum
- Re-positioning
 - Supplier of Cloud based solutions under a managed service model
 - Focus on helping customer actually achieve potential benefits
 - Same benefit objectives, updated wording

Benefit Pillars - Assurance is...

Tutis' four key pillars of assurance (benefits) same benefit objectives

1. Managed Compliance Risk

Improved compliance across

- » Statutory & Regulatory requirements including WHS/OHS
- » Industry Standards and Codes of Practice
- » Corporate Strategic Alignment and Corporate Policy
- » Cultural, Ethical and Community Standards (reputational risk)

Audit readiness and transparency

2. Reduced Complexity

» Easy-to-use functions and automated processes

- » Training, competency assessment and authorisation activities automatically tracked and accessible

3. Optimised Running Costs

- » Improved training effectiveness
- » Increased workforce agility and productivity

4. Delivered Paperless

- » Reduced paperwork or, if desired, paperless

Our mission is to take the complexity and risk out of compliance management.
